MISSOURI ELDERLY AND HANDICAPPED TRANSPORTATION ASSISTANCE PROGRAM (MEHTAP)

INTRODUCTION

The Missouri Elderly and Handicapped Transportation Assistance Program was created by the 78th General Assembly in 1978 and amended in 1981. The purpose of this program is to provide state financial assistance to help defray operating costs incurred by agencies providing transportation services to the elderly and handicapped as long as matching local or private funds are available.

Funds are appropriated for MEHTAP by the Missouri General Assembly from General Revenue funds and State Transportation funds and are administered by the Missouri Department of Transportation (MoDOT).

MoDOT will reimburse a portion of the operating cost of approved transportation projects. Local, matching funds must be provided by the applicant.

This document sets forth program rules, guidelines and application instructions.

ELIGIBILITY

Applicants must be incorporated as a not-for-profit corporation in Missouri or utilize the transportation services of a not-for-profit corporation. Applicants must meet one of the following criteria:

1. Be incorporated as a not-for-profit corporation in Missouri under the provisions of Chapter 355, RSMo; or
2. Provide or purchase transportation services as a public entity created by Senate Bill 40 or House Bill 351 tax measures.

ELIGIBLE EXPENSES

Eligible expenses include only direct vehicle operating, maintenance and insurance costs. Administrative expenses are not eligible under this program. See application Section IV Transportation Operating Expenses.

PROGRAM FUNDS

Area Agencies on Aging (AAA) - Each year a portion of the MEHTAP appropriation is reserved for Area Agencies on Aging. Reserved funds supplement state and federal funds available to the area agencies for transportation.

Area agencies may use MEHTAP funds in combination with other transportation funds to provide transportation services or to contract with existing providers for service. MEHTAP allocations to the AAA are determined by the total amount of Division of Aging funds received and designated for transportation activities.

OTHER APPLICANTS

MEHTAP funds are allowed to cover up to 50% of the applicant's operating deficit minus federal funds, purchase of service contracts, rider fees, and designated donations.

Although MEHTAP funds can cover 50% of the applicant's net deficit, funding levels are usually not adequate to maintain this level of participation. Applicants should be financially prepared to provide more than 50% of their net deficit.

Applicants that apply for MEHTAP matching funds for local/private or third party funding must provide letters of commitment for the matching funds.

PAYMENT OF FUNDS

The Grantee should requisition funds on quarterly basis based upon actual costs. MoDOT will provide the necessary requisition forms. The quarterly request shall not exceed 3/12 of the annual grant (minus retainage or withholding) unless a surplus of grant funds has accumulated in earlier months, or special arrangements have been made with MoDOT. Grantees should be aware that the request for reimbursement process takes approximately 30 days.

Final requests for payment **will be** due before the end of the fiscal year. The grantee must estimate the expenses for the time period and submit the request before the deadline. A revised requisition should be submitted later if final expenses vary by more than 10% from the estimate.

STANDARD AGREEMENT

The standard agreement is a contract between MoDOT and the Grantee stipulating the terms and conditions of the project. The agreement must be executed by the president or chair of the applicant's board as stipulated by the authorizing resolution.

AUDIT

Grantees must include funds awarded under MEHTAP as a specific income item in their regular audits and provide MoDOT with a copy of their audit reports. The Grantee must maintain all records relating to this Agreement, including but not limited to invoices, payrolls, etc. These records must be available at all times at no charge to MoDOT and/or its designees or representatives during the period of the resultant grant agreement and any extension thereof, and for three (3) years from the date of final payment made to the grantee under the agreement.

EMPLOYMENT OF UNAUTHORIZED ALIENS

For those MEHTAP grantee agencies receiving \$5,000 or more annually in MEHTAP funds, Missouri State Statute section 285.530 RSMo applies. The grantee has enrolled in a federal work authorization program and agrees to abide by the provision contained in the Memorandum of Understanding the recipient entered into with the United States Department of Homeland Security. (see Appendix A for a sample of such an MoU to be fully executed and attached to the approved and finalized MEHTAP grant contract near the time of grant award)

APPLICANT EVALUATION

Applications for assistance will be evaluated on the basis of (1) number of trips provided, (2) the type of trip, (3) total miles, and (4) total cost. Trip purposes are prioritized as follow: (1) medical, (2) employment, nutrition, education, and essential shopping (3) social, and (4) other.
